Will press be allowed at event?	No

BACKGROUND (Anything the Governor should know about the organization or event, legislative issues, news articles, etc.)

BIOGRAPHIES (of key staff) –

Reverend Dr. T. Anthony Spearman, President of the NC NAACP

[HTMLCONTROL Forms.HTML:Checkbox.1]

The North Carolina NAACP has a new president, Reverend Dr. T. Anthony, Spearman, a Greensboro pastor of Clinton Tabernacle AME Zion Church. Prior to his election, Dr. Spearman served the NC NAACP as Third Vice-President under the leadership of Reverend Dr. William Barber.

Dr. Spearman stated that under his leadership, the NC NAACP will continue to pursue principal goals including:

1. Pro-labor, anti-poverty policies that ensure economic sustainability.
2. Educational equality that ensures that every child receives a high-quality, well-funded, constitutional, diverse public education.
3. Healthcare for all by enduring access to the Affordable Care Act, Medicare and Medicaid, Social Security and by providing environmental protection.
4. Fairness in the criminal justice system by addressing the continuing inequalities in the system for black, brown, and poor white people.
5. Protect and expand voting rights, women's rights, LGBT rights, immigrant rights, and the fundamental principle of equal protection under the law.

Before his pastorate at Clinton Tabernacle AME Zion Church, Dr. Spearman served the AME Zion denomination in Salisbury and Hickory for 17 years. He is a former member of the Hickory City School Board where he served for three years. In 2014, the NC Foundation for Public School Children awarded Dr. Spearman the Champions for Children Award for his many years of advocating for quality education for all children in public school and for the future of public schools. Dr. Spearman has won many other awards including the NC NAACP Minister of the Year, and the Hickory Spirit of King Award.

Dr. Spearman has a Bachelor of Science Degree from Mercy College in Yonkers, N.Y, a Master of Divinity Degree from Hood Theological Seminary in Salisbury, N.C., and a Doctor of Ministry from the United Theological Seminary in Dayton Ohio. He is proficient in Greek, Hebrew, and Spanish.

TIMETABLE & RUN OF SHOW

- 8:00 am Kristi Jones will welcome guests and introduce the Governor and staff
- 8:05 am Dr. Spearman will introduce NAACP Leadership
- 8:12 am Governor Cooper discusses the importance of the NAACP in North Carolina and his longstanding support of the organization.
- 8:30 am Governor Cooper asks Dr. Spearman and leadership to share comments regarding this administration's partnership with the NAACP and how we can support each other.
- 8:55 am Kristi Jones thanks leadership for meeting with Governor and advises of opportunities for continued dialogue with staff.
- 8:58 am Governor shakes hands to with leadership and departs.

SUGGESTED TOPICS /TALKING POINTS – (please share 3-10 bullet points with suggested discussion topics and/or talking points. Who

should be thanked or acknowledged? Anything else that should be addressed.

Judicial Reform – There are efforts by the General Assembly to reduce judicial districts or change how judges are selected.

Dontae Sharpe – We recognize that the NAACP is an advocate for the release of Dontae Sharpe but does not legally represent Mr. Sharpe. A pardon request was resubmitted. The NC Attorney General and the local district attorney have not provided approval.

Voter Suppression – The administration made a policy decision to not seek a review by the Superior Court regarding the current voter suppression ruling.

Leandro Commission – Governor's Executive Order 10 established the Governor's Commission on Access to a Sound Basic Education to help North Carolina meet its duties under the state constitution as underscored by the landmark rulings in Leandro v. North Carolina and Hoke County Board of Education v. North Carolina. The Executive Order provides that the Commission provide recommendations to address equitable funding of school districts.

Executive Order 24 – Outlines policies prohibiting discrimination, harassment and retaliation in state employment, service and contracts under the jurisdiction of the Office of the Governor.

Medicaid Expansion - The expansion of Medicaid – which the Affordable Care Act made possible – is a separate piece of the regular Medicaid program. North Carolina has been part of the regular Medicaid program since 1970. But it remains one of 18 states that have not accepted the expansion.

Medicaid provides government health insurance for low-income people. In 2015, the state[[HYPERLINK "https://ncdma.s3.amazonaws.com/s3fs-public/Medicaid_Annual-Report-State-Fiscal-Year-2015.pdf"](https://ncdma.s3.amazonaws.com/s3fs-public/Medicaid_Annual-Report-State-Fiscal-Year-2015.pdf)], 1.8 million North Carolinians were enrolled – most of them children. The expansion would cover people who don't qualify for either the Affordable Care Act health care subsidies or for regular Medicaid coverage.

The state pays about one-fourth of the costs for regular Medicaid expenses in North Carolina, according to the N.C. General Assembly Fiscal Research Division. The federal government pays 60 percent, and the rest is funded by drug companies and other sources. In 2015, when the bill came out to \$13.8 billion for North Carolina,[[HYPERLINK "http://www.ncleg.net/fiscalresearch/fiscal_briefs/Fiscal_Briefs_PDFs/hhs_2015_Medicaid_Health_Choice_Reform_Brief_FINAL_2016-02-29.pdf"](http://www.ncleg.net/fiscalresearch/fiscal_briefs/Fiscal_Briefs_PDFs/hhs_2015_Medicaid_Health_Choice_Reform_Brief_FINAL_2016-02-29.pdf)].

The expansion is funded almost entirely by the federal government – 95 percent now, and dropping to 90 percent by 2020.
